Supply List

Snowflake blocks make a fun quilt to display throughout the winter season. Paper pieced snowflake blocks are pieced in a fraction of the time using Quick-Strip Paper Piecing, an assembly-line method of paper piecing on strips. You will work on one Snowflake block (Snowflake A) during class. The yardage is included below if you decide to make the entire Snow Flurries quilt (additional patterns are in "*Paper Piece the Quick-Strip Way*"). The technique for making sun-printed snowflakes will be demonstrated. All skill levels. Block Size: 12" x 10 3/8"

***Supplies:***

Spray starch (see below; use on fabric before cutting strips before class)  
Rotary cutter, mat and ruler  
Sewing machine, with extension worktable if you have it; size 80 or 90 needles for paper piecing  
Open-toe foot or satin stitch foot if you have it, plus regular foot for 1/4" seams  
Neutral sewing thread to blend with your fabrics  
Fabric scissors and paper scissors, pins, seam ripper and other basic sewing supplies  
Freezer paper  
Lightweight cardboard or template plastic  
Paper grocery bag for your trash and trimmings  
Iron and ironing board or surface (optional, these can be shared)  
Piece of muslin or other light-colored fabric to protect ironing surface from ink of foundation papers

***Before class:*** Spray starch fabric, then cut strips from the table to be ready for sewing. If you are unsure of your fabric choices, you can bring fabrics to class and cut strips there, if you choose. ***Because fabric varies in width, be sure to bring along all your fabrics in case you need to cut an extra strip or two.***

***Fabrics:*** Select a color scheme for your snowflake quilt. I have made this quilt in blues, using a sapphire blue background with blue and white fabrics for the snowflakes, and also in grays, using a charcoal gray for the background and black and white or gray fabrics for the snowflakes. Yardage for the entire quilt is given here; you may wish to use fewer snowflake fabrics and repeat some of your fabrics, rather than choosing as many different fabrics as are indicated on the chart. Check out my website, [www.peggymartinquilts.com](http://www.peggymartinquilts.com) and click on workshops, then the Snowflakes workshop to see the quilts in color, or look in my book, "Paper Piece the Quick-Strip Way" at "Snow Flurries"(page 79) and "Night Blizzard"(page 86.)

***Important: Bring along all your extra fabric in case you need it - mistakes can happen!***

The following cutting chart shows the strips you will need to cut to make Snowflake A, the block you will work on in the one-day class. I have also included the yardage chart for the complete quilt from "*Paper Piece the Quick-Strip Way*" if you would like to buy enough yardage to complete the entire project.

*Snowflake A, 12"x 10 3/8" block*

*Fabrics: Pattern area numbers below correspond to the numbers on the pictured block.*

***Important: Bring along your extra fabric in case you need it; mistakes can happen!***

Note: All strips are cut from selvage to selvage and measure about 40" long. A little extra yardage has been added in case it is needed.
