

Put It In A Quilt/The Ultimate Scrapbook Piece
Supply List
Katsy Chappell/ The Crafty Qomic

Hello my lovely qraftilicious rafters! I am a vested actress and stand up comic who squirrels way midnights for qraft time. You might have seen me in films, TRUE LIES, YES MAN, (THE VEIL- on Netflix). You might also have seen me on ER and old shows like Dallas, Knots Landing and Roseanne and commercials aplenty! I stay busy. When not in front of the camera I'm on stage world wide as a corporate qomedian(pronounced comedian) but I figure if FAT can be PHAT, I can have word fun too! LOL

My workshops are an extension of the fun I bring with my qomedy ,trunk show and lectures.

So here you go! For this workshop we will create our "ULTIMATE SCRAPBOOK PIECES" with fabric and embellishments and pieces from our junk drawers. My quilt Sunstastically A Part of Me was on display at Oasis Quilt Fest in Palms Springs. The interesting aspect about the Scrapbook Quilt is the addition of recycled pieces. They made quite a statement in this quilt and all I did was up-cycle some synthetic braids for the tree.I have accumulated a LOT of the braids and will bring them for those who wish to use them in their quilts.

Please bring to class:

Your sewing machine in good working order and (Perhaps bring an extension cord)

An Assortment of fabric scraps, fat quarters and fabrics that contrast and might make good sky, horizon, sun, mountain, grass, prairie, desert, water, rocks sand,snow, etc. Fabrics such as tulle, organza, chiffon for creating highlights and shading.

Bring lots of embellishments such as yarn, twine, ribbon, cording,bits and pieces you don't know what to do with such as ticket stubs, etc.

You will create a quilt to your preferred size. You will have the choice to create the 7.5"X10.5" size I made as a mailing sample or larger. The Sunstastically A Part of Me quilt measures 20"x22".

Please feel free to email me with any questions. email- chappykat@yahoo.com

Let's get ready to QUILTUMMMBLLLL!
